Pak Moves Into War Mode, Gets Logistics Ready

Reserves Beds In Hospitals For Army, Orders Bunkers & Blackouts

Aarti Tikoo Singh & Rohan Dua

Srinagar: Pakistan has begun planning its war logistics on its frontiers amid fears of retaliation from India after the Pulwama terror strike, even as Jaish-e-Muhammed chief Masood Azhar asked the Imran Khan regime not to make any concessions under pressure from India.

TOI has accessed two official documents, one by the Pakistani military based in Balochistan and another a notice sent to local administrations in Pakistan-occupied Kashmir (PoK), which reveal that the neighbouring country has begun preparations for war with India.

Pakistan army based in

(Above) Locals remove things from a bunker in Chakothi in Pakistan-occupied Kashmir, some 3km from the Line of Control, as local authorities ordered rebuilding of bunkers amid soaring tensions with India. (Left) A Pakistani police officer checks documents of passengers travelling to India via Samjhauta Express, at Lahore station in Pakistan. India suspended the cross-LoC bus service this week after the attack in Pulwama

Headquarters Quetta Logistics Area (HQLA) in Quetta Cantonment wrote to Jilani Hospital on February 20 to arrange and plan for medical support in view of the possibility of a war with India. "In case of emergency war on the eastern front, Quetta logistics area is expected to receive injured soldiers from civil and military hospitals of Sindh and Punjab. After initial medical treatment, these soldiers are planned to be shifted from military and civil public sector to the civil hospital in Balochistan till the period of availability of beds in CMHs (civil military hospitals)," the letter to Jilani hospital's Abdul Malik by one Asia Naz, force commander, HQLA, said.

It adds: "The Logistics Area has a comprehensive medical support plan encompassing all military and civil hospitals in the province. In case of an eventuality besides bed expansion of military hospital, civil hospitals have already been assigned the responsibility to reserve and earmark 25% of their bedding capacity for the injured soldiers."

The instructions also asked private hospitals to earmark 25% of their beds for the said purpose along with the allied facilities. The letter ended with the claim: "We have received an overwhelming response from all over Pakistan and anticipate the same from Balochistan."

On Thursday, the PoK government sent a letter asking the local administration in Neelum, Jehlum, Rawalkot, Haweli, Kotli and Bhimber areas along the Line of Control (LoC) to issue advisories for their residents, warning them about a possible retaliation by the Indian Army.

TOI had on February 17 reported that Pakistan has relocated terrorists from launchpads along the LoC. Intelligence sources said these relocations include those camps opposite 19 Division on the Indian side besides those in Lipa Valley opposite Naugam sector and Rawalkot and Khurettia opposite Nowshera and Poonch in India's 25 Division in Rajouri.

The PoK government letter also advised residents to take "safe routes whenever commuting" besides avoiding congregation. "Those residing near the LoC and (those who) do not have bunkers should get one made immediately," it said, adding that they should also avoid unnecessary lighting at night.

The local administration has also been asked to advise inhabitants to avoid unnecessary travel near the LoC. Animals should not be taken to fields near LoC either, it said.

Pak authorises its military to respond if India strikes

Omer Farooq Khan | TNN

Islamabad: Pakistan gave formal authorisation to its armed forces on Thursday "to respond decisively and comprehensively to any aggression or misadventure by India" and said that the Pulwama attack "was conceived, planned and executed indigenously".

The announcement was made after a meeting of the

Pak army violates ceasefire along LoC

The Pakistan army violated ceasefire along the LoC for the third consecutive day on Thursday, including in unprovoked firing at forward posts in J&K's Poonch sector, said an Army source. "It was retaliated by our troops effectively," said the source. Sanjay Khajuria | TNN

National Security Committee, Pakistan's top civil-military body, chaired by PM Imran Khan at his office. Following the meeting, a statement was issued by Khan's office stating that the geo-strategic, and the national security environment in particular, was discussed in light of the Pulwama incident and its aftermath.

"The members of the meeting noted and established that Pakistan is not involved in any way, means or form in the Pulwama incident and it was conceived, planned and executed indigenously," it said. The NSC, it said, also gave formal authorisation to the armed forces "to respond decisively and comprehensively to any aggression or misadventure by India".

Fearing FATF action, Pak 'bans' 2 Hafiz Saeed outfits

TIMES NEWS NETWORK

Islamabad/New Delhi: Fearing action from the international community at the Financial Action Task Force (FATF) meeting on Friday, Pakistan re-imposed a ban on Lashkar-e-Taiba's fronts Jamaat-ud-Dawa (JuD) and Falah-e-Insaniyat Foundation (FIF), both headed by 2008 Mumbai attacks mastermind Hafiz Saeed.

A Pakistani interior ministry spokesman said the decision was taken at a meeting of the National Security Committee (NSC) chaired by PM Imran Khan.

The move, however, failed to impress New Delhi. "This is cosmetic and will not be worth the paper it is written on, unless they follow through this by arresting JuD and FIF members wanted for terrorism, restrict the move-

Saeed is a designated global terrorist and the US has offered \$10 million for information that brings the 26/11 kingpin to justice

tack which has been owned up by ISI-backed JeM.

JuD and FIF are unabashed fronts for LeT, the ISI-backed jihadi terror outfit which carried out the 26/11 assault on Mumbai and several others on India. They were banned in February 2018 amid international pressure to proscribe outfits sanctioned by the UNSC. However, the ban ended in September 2018 and was neither extended nor replaced by a full-scale law by the Imran Khan government.

At the FATF meet, India is expected to again call for blacklisting Pakistan for its support to cross-border terror.

According to officials, JuD's network includes 300 seminaries and schools, hospitals, a publishing house and ambulance service. The two groups have about 50,000 volunteers and hundreds of other paid workers.

To shorten J&K convoys, govt allows paramilitary jawans to fly

TIMES NEWS NETWORK

New Delhi: A week after the Pulwama attack, the government on Thursday decided that all personnel of central paramilitary forces posted in J&K can take commercial flights to either join duty or go on leave free of cost.

Free travel will be allowed on the Delhi-Srinagar, Srinagar-Delhi, Jammu-Srinagar and Srinagar-Jammu sectors. Till now, only officers of inspector and above rank had

the facility. The move is likely to cut the number of troops travelling in convoys in J&K, although officials said convoy movements will continue. In fact, since the attack, CRPF has run two large convoys from Jammu to Srinagar.

As many as 65,000 CRPF personnel are deployed in the state as part of 65 battalions, apart from units of BSF, ITBP, CISF, SSB and NSG.

After the attack, questions were raised why the personnel were not allowed to travel

by air so that the risk and threat of travelling by road in large convoys was eliminated.

A senior official said jawans and sub-officers will now be able to book tickets on commercial flights and claim reimbursement from their organisation for this travel to and from J&K.

A statement on home minister Rajnath Singh's Twitter handle said the decision will "immediately benefit approximately 7.8 lakh paramilitary personnel".
