It's curtains for Aditya Birla payments bank

SPECIAL CORRESPONDENT

Within 18 months of starting operations, the payments bank of the Aditya Birla Group has decided to wind up operations citing 'unanticipated developments in [the] business landscape.

Aditya Birla Nuvo Ltd. was one of the 11 entities that had received a payments bank licence from the RBI in August 2015. The bank began operations as Aditya Birla Idea Payments Bank from February, 2018.

"This decision has been taken due to unanticipated developments in the business landscape that have made the economic model unviable," Vodafone Idea said in a statement to the exchanges.

HDFC Bank net up 21% on higher income

Savings, current account deposits fall below 40% for first time in 12 quarters, retail loan growth slows

SPECIAL CORRESPONDENT

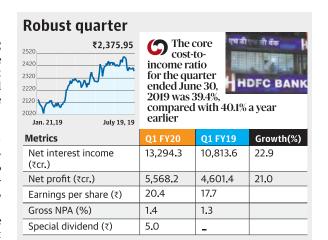

Private sector lender HDFC Bank reported a 21% increase in its net profit to ₹5,568.2 crore for the quarter ended June 30 driven by both core and non-core income.

Net interest income. which is the difference between interest earned and interest expended, grew 22.9% to ₹13,294.3 crore, while other income increased 30.2% to ₹4.970.3 crore.

Net interest margin for the quarter remained stable at

There was a gain of ₹212 crore during the period under review from sale of investments as compared to a loss of ₹283.2 crore during the same period of the previous vear.

"The core cost-to-income

ratio for the quarter was at 39.4% as against 40.1% for the corresponding quarter ended June 30, 2018," the bank said in a statement.

The gross non-performing asset (NPA) ratio inched up to 1.4% of gross advances as

on end June as compared to 1.33% a year ago and 1.36% as of end March.

Excluding non-performing assets from the agricultural segment, the gross NPA would have been 1.17%, the bank said.

Excluding NPAs from the agri segment, gross NPAs come to 1.17%

Provisions went up to ₹2,613.7 crore in Q1 from ₹1,629.4 crore, of which specific loan loss and contingent provisions were ₹2,413.5 crore as against ₹1,432.2 crore for the corresponding quarter of the previous year.

General provisions

The bank has made general provisions of ₹200.2 crore, which include additional provisions of ₹85.9 crore for standard advances to the the NBFC and housing finance

"The bank held floating provisions of ₹1,451 crore as on June 30, 2019," the bank said. Total deposits of the bank increased 18.5% yearon-year, while current and savings account deposits grew by 12.8%.

CASA deposits fell below 40% for the first time in 12 quarters, and were 39.7% of total deposits as of June 30,

Vehicle loans grow 8.3% While advances grew 17% year-on-year, the vehicle loan segment, where sales volumes have seen some moderation, saw advances grow 8.3% over the previous year, the bank said.

Retail loans grew 16.5% on year, as compared to 19% during the Jan.-March period, while domestic wholesale loans grew by 19.6%. The domestic loan mix between retail and wholesale was 54:46.

Jet RP invites proposals for the sale of assets

Assets include buildings, 14 aircraft

PRESS TRUST OF INDIA

The resolution professional (RP) of Jet Airways on Saturday called for expressions of interest (EoIs) to sell the grounded airline's meagre assets by August 3.

In an advertisement posted on the airline's website and in newspapers, the RP, Ashish Chhawchharia, appointed by Jet Airways' lenders, has set a deadline of August 3 for receipt of EoIs, August 6 as the date of issue of provisional list of prospective resolution applicants and August 11 as the last date of submission of objections.

The advertisement stated that on August 14, the final list of prospective resolution applicants will be issued.

The final date for submis sion of resolution plans of these applicants will be September 5, it added.

The estimated date for submission of the resolution plan by the RP to the National Company Law Tribunal for approval is September 20. The airline's assets include 14 aircraft, 49% stake in Jet Privilege and a few buildings. Its liabilities are more than ₹36,000 crore.

Reliance Jio may unveil GigaFiber at shareholder meet on August 12

Wired broadband service likely to target 50 million homes

PIYUSH PANDEY

After disrupting the Indian mobile telephony market, Reliance Jio is all set to storm the wired broadband market with its commercial launch slated to be announced dur-Industries' ing Reliance (RIL's) annual general meeting on August 12.

The company plans to launch its GigaFiber services, which would include home broadband, entertainment and smart home IoT (Internet things) solutions.

"The commercial launch of fibre-to-the-home (FTTH) services is likely to be announced during company's AGM next month," a source

Mukesh Ambani

in the know of the development told The Hindu.

Asked for comments, a senior RIL official neither confirmed nor denied the

"Wireline network connectivity in India continues to remain underserved. Jio is working towards serving the need for better connectivity with its GigaFiber services. Jio, with its FTTH services, has set a target of connecting 50 million homes across the country," Mukesh Ambani, chairman, RIL, had said in a letter to shareholders.

Investments made

To help meet this goal, RIL has made strategic investments in Hathway Cable and Datacom Limited and DEN Networks Limited.

Jio GigaFiber currently offers ultra high-speed Internet of up to 100 Mbps for 90 days along with a monthly data quota of 100 GB and a complimentary access to many of Jio's premium apps.

Govt. in talks with foreign lenders for loans to SMEs

Indian banks not in a position to provide enough capital to small businesses, says official

REUTERS NEW DELHI

The government is in talks with foreign lenders to provide \$14.5 billion in credit to millions of small firms, two officials said.

The government is in discussions with multiple foreign lenders, including Germany's state-owned development bank KfW Group, the World Bank and some Canadian institutions to extend lines of credit to small enterprises, one of the officials, who did not want to be identified, told Reuters.

KfW's India office confirmed the discussions, though the main focus was on credit lines to support small businesses' solar power generation. The talks were at an early stage, KfW said.

In the lurch: Credit availability for SMEs has worsened due to a liquidity crisis in the NBFC sector. ■REUTERS

spokesperson did not reply to an email seeking comment. The official said the government plans to source up to ₹1 lakh crore of loans from foreign institutions because Indian banks were not in a position to provide enough capital for the small business sector, which is seen as critical to job creation. "We are exploring, we are having discussions with various funding agencies if something can be done [for small and medium firms],"

the second official said. The officials did not pro-

vide full details of the discussions they are having with banks, or identify all those they are talking to, but said talks are at a very early stage.

India's micro, small and medium enterprise (MSME) Ministry is discussing the proposal – to pull in foreign banks – with the Finance Ministry, which will make a final call, the second official said. The push for foreign loans comes on the heels of the government's announcement earlier this month that it was planning to borrow about ₹700 billion by issuing overseas sovereign bonds.

India's 63 million firms in the micro, small and medium firm sector are responsible for more than a quarter of the country's manufactur-

ing and services output, and must be re-energised for the government to kick-start the economy. Gross domestic product growth fell to a fiveyear low of 5.8% in the Januarv-March quarter, well below the 8%-plus rates that the government is targeting.

But credit availability for SMEs, which also account for about 45% of the country's exports, has worsened due to a liquidity crisis in the non-banking financial companies (NBFC) sector. State-owned banks have

not been able to drive increased lending because they are burdened with more than \$145 billion in bad loans. Last month, a study by an RBI panel said the overall deficit in credit for the MSME sector is estimated at about ₹20-25 lakh crore.

+ Air traffic volume rises 6.2% in June

PRESS TRUST OF INDIA

Domestic air passenger traffic rose 6.19% in June over the year-ago period, with local carriers flying 12.02 million passengers in the month, show the monthly data from regulator Directorate General of Civil Aviation.

The uptick in June follows a marginal under 3% growth in May, ferrying 12.18 million passengers.

But this was after a 4.5% contraction in April – the first time in six years – due to the grounding of Jet Airways and the resultant spike in ticket prices during the peak summer holidays.

The largest carrier Indigo continued its market leadership, ferrying 5.77 million passengers during the month of June.

IndiGo to seek nod to induct woman director

Board to ask for shareholder approval

SPECIAL CORRESPONDENT

The board of directors of strife-torn IndiGo on Satur day said that it would seek the approval of its shareholders to induct an independent woman director – one of the issues flagged by cofounder Rakesh Gangwal in his complaint to the SEBI on violations of corporate governance norms at the firm.

"The Board has decided to seek the approval of the shareholders at the upcoming annual general meeting for expanding the board to enable the induction of an independent woman director," according to IndiGo's press statement.

IndiGo's CEO Ronojoy Dutta on Friday, during an analysts' conference call after the board had approved the quarterly results, said

Razorpay to triple lending to ₹600 crore

SPECIAL CORRESPONDENT CHENNAL

Razorpay Software Pvt. Ltd. plans to almost triple its collateral lending to merchants and double its workforce, said a top official.

"We started providing collateral lending to our merchants by tying up with non-banking financial companies," said Harshil Mathur, CEO, Razorpay Software Pvt. Ltd.

In the last six months, the payments solution firm has provided loans to the extent of more than ₹200 crore. It plans to end the current fiscal with collateral loans amounting to ₹600 crore. The loan size per customer ranges between ₹15 lakh and ₹20 lakh. The firm has a staff strength of 450, which it plans to increase to 800 by end FY20.
