thorities said Monday that 14 infants died in the hospital in the

first five days of January. "From January 1 to January 5, 127 deliveries were performed here. Of these, 23 newborns had to be admitted to the Neonatal Intensive Care Unit (NICU), of which seven died. Apart from the deliveries. 36 newborns who had come from other referral units were also admitted to our NICU. Of these, seven died," an official at the Ahmedabad civil hospital said.

Giving a breakdown of the cause of deaths, the official said seven were due to congenital abnormalities, five died due to premature birth and two due to res-

Report stresses rise in cyclonic storms

2019 seventh warmest year,

weather toll 1,562, says IMD

THE AVERAGE temperature during 2019 rose by 0.36 degrees celsius, making this the seventh warmest year on record. The year 2016 was by far the warmest year recorded. Last year was dominated by tropical cyclones as the country witnessed eight cyclones formed in the Indian Ocean. After 1902, this was the first time that the Arabian Sea reported five intense and frequent cyclonic storms, surpassing the average annual number of cyclones formed in the Bay of Bengal in a year. The annual rainfall over the country stood at 109 per cent of the Long Period Average (LPA), with both the monsoons recording excess rainfall.

recorded excess rainfall during the entire year, making it an extremely wet year in recent times. The death toll, as per IMD records, in 2017 was 1,592 and in

2016 it was 1,538. The mean temperature was 0.36 degrees above normal, making 2019 the seventh hottest year ever recorded, the report said. The

decade 2011-19 was the warmest on record for the country, when the annual mean temperature was 0.36 degree above normal. The report highlighted that India had warmed by 1 degree Celsius since 1901. Whereas the rise in minimum temperature was 0.22 degrees in the century.

and hot days are becoming more frequent in recent years, 2019 was exceptional also for the number of cyclones on India's east and west coasts, the IMD stated.

Arabian Sea brewed more cyclonic storms than the Bay of Bengal in 2019. This was only the second time in 117 years that the Arabian Sea saw such intense and frequent cyclones.

In 2019, eight cyclonic storms formed over the north Indian Ocean, IMD officials said. Five — Cyclones Vayu, Hikka, Kyarr, Maha and Pavan — originated in the Arabia Sea, which is usually calmer, not seeing more than one cyclone a year. On the contrary, the Bay of Bengal last year reported fewer cyclones than normal. The cyclones formed there include Pabuk, Fani and Bulbul.

The causes of deaths due to extreme weather events last year were as follows: heavy rain and floods 849, heatwave 349, thunderstorm 210, lightning 75, snow avalanche 51 and cold wave 28.

government submitted that it would not be possible to provide police security for him in view of Pongal festival. The petitioner submitted her son had been lodged in Madurai central prison for more than 27 years after he was sentenced to life impris-

# 7 Maoists held for Latehar ambush

**ABHISHEK ANGAD** RANCHI, JANUARY 6

ALMOST 45 days after four security personnel were shot dead at Chandhwa area of Latehar district in Jharkhand on November 22, Jharkhand Police arrested seven persons from the banned Communist Party of India (Maoist), including associates of the outfit's sub-zonal commander Ravindra Ganjhu.

The November 22 incident had occurred less than 48 hours after Union Home Minister Amit Shah credited Chief Minister Raghubar for "curbing naxalism" in Jharkhand. Four policemen — ASI Sukra Oraon and three homeguards Sikander Singh, Jamuna Prasad and Sambhu Prasad were gunned down in an ambush at Lukaiyya Mod near Chandwa district in Latehaar district.

Police said three associates of Ravindra Ganjhu were traced in Chandwa when they had come to collect levy from a contractor named Sonu Singh on January 5. DGP K N Choubey said a team raided the area and detained all three associates, who later "confessed" to committing the November 22 attack.

On the modus operandi of the November incident, Latehar SP Prashant Anand said, "Three people kept a watch over the police and the patrolling party over a walkie-talkie. Ravindra Ganjhu and his five associates were waiting at Lukaiyya Mod. After the killing, they looted police's guns and assembled at Boda Mandap area."

Police said they recovered Rs 5 lakh from the arrested Maoists. "We are investigating the entire chain of money," Anand said.
