## Telangana @ 3 in Poultry sector

- ✓ Telangana's poultry sector ranking at third place in the country has produced a record 330 crore eggs during 2019-20 up to summer season. Telangana's livestock sector supports about 25.82 lakh families and the value is approximately Rs. 66,403 crore at current prices. Within the agricultural and allied sectors, livestock is a large contributor — it contributes 7.6 per cent to State Gross Domestic Product (2019-20 AE) — and this share has been increasing in recent years. This is partially because of the fact that Telangana is richly endowed with livestock resources.
