

FIGHTING COVID-19 Centre sanctions ₹15k-cr medical aid

FE BUREAU
New Delhi, April 9

THE CENTRE ON Thursday approved a ₹15,000-crore package to bolster medical responses to fight the Covid-19 spread, as the country prepares to meet risks of a potential escalation of the pandemic. The move followed Prime Minister Narendra Modi's promise of support when he had announced a nationwide lockdown on March 24.

As much as ₹7,774 crore of the 'India Covid-19 Emergency Response and Health System Preparedness Package' will be used for immediate emergency response, while the rest will be spent over a period of one-four years, according to a health ministry statement.

Separately, the government said there would be no shortage of anti-malarial

drug hydroxychloroquine – called a 'game changer' by US President Donald Trump in the fight against the Covid-19 outbreak – "either today or in the future", even if the country honours its pledge to supply it to select nations, including the US. Trump had requested Modi for urgent supplies of HCQ, which India has acceded to.

"Also, HCQ is meant only for specific sets of people, it is to be used only based on prescription of registered doctors," the health ministry said.

It also said 223 labs – 57 government and 66 private – are currently conducting rigorous screening process across the country. The ministry has already disbursed ₹4,113 crore to all the states and Union Territories for dealing with the emergency Covid-19 response.

₹17k crore disbursed under govt schemes

THE RURAL DEVELOPMENT ministry has disbursed ₹17,409 crore since April 1 towards full payment of wage arrears under the Mahatma Gandhi National Rural Employment Generation Scheme and ex-gratia payment to 20.4 crore women under the Pradhan Mantri Jan Dhan Yojana. An official in the ministry said that ₹7,209 crore wage arrears under MGNREGS has been credited into the accounts of the women Jan Dhan account holders.

"In view of the Covid-19 pandemic, in order to ensure liquidity in the hands of the MGNREGS workers, we have cleared all the wages due to them for their works in February and March. As of today, there is absolutely zero arrears under MGNREGS," said the official.

States given more flexibility on PM-Aasha scheme

THE CENTRE HAS asked the state governments to decide on the timing to start procurement of rabi-grown pulses and oilseeds under the PM-Aasha scheme after the lockdown, and also permitted farmers to sell higher quantities of crops to the government agencies after raising the daily limit by 60%.

In a letter to all the state governments, the Union agriculture ministry said states will take their decision on commencement of procurement of oilseeds and pulses and it would continue for 90 days from the date of start. The letter also said each farmer can sell maximum 40 quintal a day now, against the earlier daily limit of 25 quintal.

Procurement of some rabi oilseeds and pulses actually started by notified agency Nafed from February 15 due to early arrival of crops in Andhra Pradesh, Tamil Nadu and Karnataka. However, due to the corona outbreak, the process discontinued where it had started, and could not begin where it was scheduled for, officials said. Nafed has been able to buy a little over 1 lakh tonne so far out of

about 49 lakh tonne sanctioned.

"Since prices of urad and moong in Tamil Nadu and groundnut in Telangana were higher until lockdown, there was no procurement. For other crops, arrivals were also low since the government appealed for social distancing," an agriculture ministry official said. Farmer organisations have demanded immediate procurement of all crops in which MSPs are announced.

The All India Kisan Sangh Rashtriya Coordination Committee, an umbrella body of 250 organisations, on Thursday sought Prime Minister Narendra Modi's intervention to ensure MSPs to farmers. In a letter to Modi, it has said farmers are being compelled to sell wheat at Rs 1,400-1,700/quintal, against the MSP of Rs 1,925. It has also asked the government to issue direction to private traders not to purchase crops below their MSPs. For horticulture crops also, MSPs should be announced and implemented, it said.
